BULLETIN.

Washington, April 15.—General Huerta submitted to an executive session of the Mexican senate today the demands of the American government for a salute to the flag. No answer has been received by the Washington government late tonight of the result of the deliberations.

Although no definite information was available, the fact that General Huerta had submitted the case to the Mexican senate which is specially charged with the conduct of foreign relations and not to the entire body of congress, led the belief here that he had sought authorization from the senate for the arbitration of the question under dispute.

Washington, April 15.—General Huerta was given final warning by the United States government today that unless a salute were fired to the stars and stripes within a reasonable time, to atoms "for repeated offenses against the rights and dignity of the United States," serious consequences would result.

This warning was emphasized by action which placed the majority of the ships of the American navy under orders to proceed at once to the Atlantic and Pacific coasts of Mexico.

It was learned tonight that General Huerta, when apprised by Charge O'Shaughnessy of the proposed demonstration of the Atlantic fleet, argued that the episode growing out of the arrest of the American bluejackets at Tampico was a fit subject for arbitration at The Hague and that he would appoint a commission to investigate the incident.

President Wilson in an emphatic reply through Charge O'Shaughnessy is understood to have told General Huerta that the time for delay and evasion had passed and that the American government would temporize no longer. Administration officials hold that insults to the flag and questions of national honor are not subjects for arbitration.

All information official and otherwise, that reached Washington from Mexico City tended to show that General Huerta was unconvinced that the United States was in earnest and thought the Washington government was bluffing. Some anti-American demonstrations at Vera Cruz and other points were reported. Developments of the day here showed clearly that a determined and forceful policy had been adopted by the president which would be backed up by congress and enforced if necessary by the army and navy.

Can Be No Longer Tolerated.
While expressing earnest hope for peace, the president unequivocally told members of the senate and house committees on foreign affairs that the offenses of the de facto government at Mexico City to the dignity of the United States could no longer be tolerated and that unless Huerta complied with the American demands the seizure of the customs houses at Tampico and Vera Cruz and even the declaration of a Pacific blockade shutting off commercial intercourse with the United States would be fully justified by precedents in international law.

It was established that no aggressive act such as the landing of marines or the shelling of any town or the seizure of any port would be undertaken without authorization from congress after President Wilson had personally delivered a message on the subject. The practically unanimous approval which Republicans and Democrats alike gave the administration's initial steps, made it apparent however, that should Rear-Admiral Badger find it necessary to act vigorously in any emergency congress would back up the American navy without hesitation. After orders had been issued today for a naval demonstration on the Pacific coast of Mexico as well as on the Atlantic, General Huerta was advised that the most powerful fighting force the American government has ever assembled on sea, carrying thousands of marines and bluejackets, is headed for the seaport towns of the southern republic, ready to enforce to the extreme the American policy.

Outlines Administration's Position.
The position of the administration as it was explained to members of the senate and house committees on foreign affairs by the president and as it was substantially reviewed in the notes sent to all foreign governments, is described in a statement given out during the day, which was prepared by high administration officials.

The statement follows: "In discussions in official circles in Washington of the present Mexican situa-

INSURGENTS WITHDRAW FROM UNITED WORKERS

NAME COMMITTEE TO LAUNCH IN- DUSTRIAL MINE WORKER'S UNION

tion the following points have been very much dwelt upon:

"It has been pointed out that in considering the present somewhat delicate situation in Mexico the unpleasant incident at Tampico must not be thought of alone. For some time the de facto government of Mexico had seemed to think mere apologies sufficient when the rights of American citizens of the dignity of the government of the United States were involved and apparently has made no attempt at either reparation or the efficient correction of the serious derelictions of its civil and military officers.

"Immediately after the incident at Tampico an orderly from one of the ships of the United States in the harbor of Vera Cruz who had been sent ashore to the postoffice for the ship's mail and who was in uniform and who had the official mail bag on his back, was arrested and put in jail by the local authorities. He was subsequently released and a nominal punishment inflicted upon the officer who had arrested him but it was significant that an order from the fleet of the United States was picked out from the many persons constantly going ashore on various errands from the various ships in the harbor representing several nations.

"Most serious of all, the officers in charge of the telegraph office at Mexico City presumed to withhold an official dispatch of the government of the United States to its embassy at Mexico City until it should have been sent to the censor and his permission received to deliver it and gave the dispatch into the hands of the charge d'affaires of the United States upon his personal and emphatic demand, he having in the meantime learned through other channels that a despatch had been sent him which he had not received.

"It cannot but strike anyone who has watched the course of events in Mexico as significant that untoward incidents such as these have not occurred in any case where representatives of other governments were concerned but only in dealings with representatives of the United States and that here has been no occasion for other governments to call attention to such matters or to ask for apology.

"These repeated offenses against the rights and dignity of the United States offenses not duplicated with regard to the representatives of other governments have necessarily made the impression that the government of the United States was singled out for manifestations of ill will and contempt.

"The authorities of the state department feel confident that when the seriousness and culminating effect of these incidents is made evident to the government of Mexico, that government will see propriety and the necessity of giving such evidences of its desire to repudiate and correct these things as will be not only satisfactory to the government of the United States but also an evidence to the rest of the world.

"There can be no loss to the dignity of the de facto government in Mexico in recognizing in the fullest degree the claims of a great sovereign government to its respect."

Takes Men From Boat.

More information describing the arrest of the American bluejackets at Tampico was revealed in the day's conferences at the white house and other government departments. It was learned authoritatively that a party of bluejackets from the Dolphin went ashore with Assistant Paymaster Copp to get gasoline supplies.

All but two landed to get the supplies and while they were gone a Mexican officer arrived on the scene. He claimed the party should not have landed where it did and ordered the two bluejackets from the whale boat which flew the American flag. They were unarmed and accompanied him voluntarily. The other members of the party were arrested while on shore. All were paraded to the prison but were intercepted by another Mexican officer who marched them back to the dock, communicated with his superiors and released them.

**REV. MR. DENT REFUSES
CALL TO BAPTIST CHURCH**

The Rev. Joseph C. Dent of Chicago, pastor of the Pilgrim Temple Baptist church, has decided not to accept the call to the First Baptist church, this city, extended him a salutary and a salute of twenty-one guns to the colors. The first two demands were complied with but the local federal authorities asked for an extension of time during which they consulted the Huerta government at Mexico City. In the meantime Rear-Admiral Mayo notified Washington of his course and received the approval of the government.

The ordering of the bluejackets from the boat which was flying the Stars and Stripes considered technically American soil was regarded by Rear-Admiral Mayo as requiring an apology, the punishment of the Mexican officer and a salute of twenty-one guns to the colors. The first two demands were complied with but the local federal authorities asked for an extension of time during which they consulted the Huerta government at Mexico City. In the meantime Rear-Admiral Mayo notified Washington of his course and received the approval of the government.

But for the fact that no government had been recognized in Mexico and that a state of anarchy existed the president is said to have declared to members of congress he would have recalled Charge O'Shaughnessy promptly. No mention was made by the president in his conference of the movement of the army and this was interpreted generally as the result of a desire to maintain a status quo on the Texas border relations with the constitutionalists just across the line just at present being very satisfactory.

ELEVENTH HOUR WITNESS FOR FOUR GUNMEN IS ARRESTED

Karl Dresner Admits He Told Many
Lies on the Stand in Final Effort
to Save Condemned Men.

New York, April 15.—Karl Dresner, who was one of the eleventh hour witnesses before Supreme Court Justice Goff last Saturday in the final effort of the four gunmen slayers of Herman Rosenthal to obtain a new trial, was arrested today after confessing himself a jeremiad in a signed statement to District Attorney Whitman.

Justice Goff last Saturday denounced the testimony of Dresner and three others as worthless and unreliable. The prosecutor announced he would investigate the source of the testimony. Hearing this, Dresner today appeared voluntarily at Whitman's office a few hours after the prosecutor had succeeded in having May 6, tentatively fixed as the day for the beginning of the second trial of Charles Becker, the one-time police lieutenant convicted with the gunmen but granted a new trial by the state court of appeals.

Dresner was examined sharply by Mr. Whitman and after signing a statement in which he admitted that he told many lies on the stand in the final effort to save the gunmen, was arraigned before a committing magistrate and locked up in the Tombs in default of bail for a hearing before the grand jury. In court he pleaded guilty to a charge of perjury.

HOW MORGAN COUNTY OBSERVED THE STATE-WIDE ROAD DAY

Farmers in Southern Part of the
County Do Good Work on High-
ways—Turn Out in Large Numbers
and Drag Roads.

Among the communities who did especially good work on Wednesday, the 15th, "Road Day," may be mentioned Murrayville, Woodson, and the residents of road district No. 19. In some neighborhoods other activities interfered and in others the work had already been done.

South of Murrayville the roads were dragged to the Greene and Scott county lines and brought into excellent shape. Those who helped perform the work were Arthur Griffin, James Rhea, Mr. Campbell, S. A. Bracewell, C. A. Rousey, J. H. Hall, W. R. Lovell and R. D. Dawson.

In Road District No. 19, there were thirty-five miles of road dragged in all. Those who took part in the work were Nicholas Conlon, Frank Worrall, Frank Dolan, John Osborne, James Quinn and Fred Scholfield.

Much interest in Road Day was shown in Woodson precinct. George Morrow hitched up his team and dragged the roads in the village and a number were engaged in laying the lead of the C. & A. railroad. Three hundred feet of five inch tile will be put in and the work will not be finished until noon today. Those who volunteered for this work were Jasper Shelton, John McAllister, George Newman, Dallas Crain, John Vasey, Dr. R. R. Jones, Charles Morrow, Howard Henry, Gus Morrow, Edward Bradley, Jack Steinmetz, J. W. McAllister and Jesse Harney.

The twelve men comprising the sub-committee of the wage scale committee considering the seven hundred demands proposed by the Illinois Mine Workers and the Illinois Coal Operators association disagreed today.

Leaders of the opposing factions admitted tonight that there was no possible chance for an agreement at the present time. However, the conference will continue.

FIND BODY OF ACTRESS.

Boston, April 15.—The body of Miss Eileen Hazle, an actress was found today in the ruins of an apartment house in the Allston district, burned yesterday bringing the number of dead to eight. Miss Hazle was a guest of friends in the house.

BODY MAY BE THAT OF MISSING "DRY" WORKER OF WESTVILLE

CLEVELAND, O., April 15.—The body of a man who was killed by a Lake Shore & Michigan Southern train near here on April 6th, may be that of the Rev. Louis R. Patmont who disappeared from Westville near Danville, Illinois, on April 1st, police said tonight after receiving from Chicago a description of the minister. The body is being held in a morgue.

Enlistment Applications Double.

Chicago, April 15.—Applications doubled today in both army and navy recruiting offices here. News that warships had been ordered to Mexican waters brought a stream of applicants to navy headquarters almost from the opening of the doors this morning.

Expectation of active service was reflected in the army offices also and the several stations in the city had their busiest day for some years.

HAS EYE BALL REMOVED.

Urbandale, Iowa, April 15.—F. B. Hodges of Little Rock, Ark., a senior in the University of Illinois, who was struck in the eye by a golf ball on Monday, underwent an operation for the removal of the eye ball today.

Argue for National Prohibition.

Prohibition advocates today presented to the house judiciary committee arguments in support of a constitutional amendment to enforce prohibition throughout the United States. They urged the committee to report to the house resolution of Representative Hobson of Alabama providing for the submission to the states for ratification of a constitutional amendment directed against the sale or manufacture for sale of all alcoholic liquors for beverage purposes.

MAHONEY NOT GUILTY.

Chicago, April 15.—Bernard J. Mahoney, assistant state's attorney was found not guilty today of marking ballot illegally for Macay Hoyne state's attorney in the election of November 5, 1912. The jury returned its verdict after deliberating for five hours. In the first trial of the case which ended several weeks ago the jury disagreed after twenty hours of deliberation.

PROMINENT POLITICIAN DESES.

Washington, April 15.—William H. AUTO BANDIT'S CAPTOR AWARDED HONOR MEDAL

Detective William E. O'Connor Receives Harrison-Tree Medal for 1913.

Chicago, April 15.—The arrest of Robert Webb, automobile bandit who shot and instantly killed Police Officer Peter Hart was the bravest act performed by a member of the Chicago police force in 1913, according to the decision of James Gleason, superintendent of police, Herman Schuetter, first deputy and the civil service board.

William E. O'Connor, a detective who arrested Webb, was today awarded the Harrison-Tree honor medal for 1913.

Webb created a reign of terror here a year ago. Scores of automobile robberies were blamed to him and he shot and killed Hart when the policeman tried to arrest him in his room. Shortly after the murder O'Connor discovered Webb and in the effort to arrest him chased him several blocks while the bandit emptied the contents of two revolvers at the detective. The detective pursued Webb in the face of the firing.

Webb pleaded guilty and is now serving a long sentence.

MAYOR SENDS STRIKING SHOE WORKERS TO JAIL

PORTSMOUTH, O., April 15.—Refusing to sign a blanket bond for their appearance before the grand jury to which they had been held on charges of violating the mayor's proclamation against congregating in the local shoe factory district, thirty-five young men and women striking shoe workers were sent to jail late today.

A big crowd composed mostly of sympathizers, followed the strikers to the sheriff's office and cheered them as the cell doors closed behind them at the jail. Mayor Frick was hissed and the prisoners kept up constant exchanges of repartee until the cell doors were reached.

The thirty-five were among the forty-four persons who had been arrested yesterday and had been given a hearing this morning before Mayor Frick. Fearing further disturbance the police strengthened the guard tonight in the shoe factory district.

PROPERTY OWNERS MET WITH LOCAL IMPROVEMENT BOARD

Hearing on North East Street Adjourning to Friday—Tarvia is Material Proposed—East State Street Property Owners Will Take Further Time to Investigate Materials—Some Objection to Combining Blocks and Asphalt on Same Street.

Hearings were held Wednesday by the Board of Local Improvement consisting of Mayor Davis, City Engineer Henderson and Street Commissioner Spaulding for pavements on North East street and on East State street. After objections had been filed to North East street by R. H. Donaldson and Simeon Fernandes, adjournment was taken until Friday. At the East State street hearing there were no objectors but a number of property owners attended to present their wishes to the board and ask that the specifications be changed to accord. There however, were some developments at the meeting which made it satisfactory to the property owners and the board to make a three weeks adjournment to May 6th in order to make possible some further investigation of paving materials.

North East Street Estimate.

The specifications as prepared for the North East street pavement which is to run from North street to the Wabash railroad call for Tarvia paving spread on a concrete foundation made of crushed stone, the foundation to be 5 inches in thickness. The estimated cost of the improvement is \$4,000.60. The engineer's estimate for this work as shown in the preliminary notice sent to property owners is as follows:

96 linear feet Marginal Lime-stone Curb, 4x16 inches at 40 per foot, \$38.40.

1,100 linear feet Berea Sandstone Curb, at 55c per foot, \$605.00.

2,000 square yards cement Foundation, 1 part Cement, 3 parts sand, 6 parts Stone at 60 cents per yard, \$1,200.00.

2,000 square yards Bituminous Macadam, known as Tarvia Top, at 80c per yard, \$1,600.00.

632.8 cubic yards Excavating, at 22c per yard, \$139.20.

5 Brick Man-holes, at \$25.00 each \$125.00.

5 Cast Iron Inlets, at \$13.50 each, \$67.50.

Court costs and other necessary expenses of Board of Local Improvements, \$226.50.

Total \$4,001.60.

The original petition for the improvement was signed by P. J. Meany, W. O. Crawford, F. J. Degeen, admnr., Margaret Sutter, Mary Mandeville, R. H. Donaldson and Simeon Fernandes. Among those present at the hearing was O. L. Keller, representing the Wabash railroad who said that the road favored the improvement and believed that it was desirable.

The East State hearing was held at 2 o'clock and among the property owners present were Dr. J. W. Hairgrove, Dr. J. R. Harker, W. S. Ehnie, at 55c per foot, \$605.00.

EFFECTIVE ORGANIZATION IS A DIFFICULT PROBLEM

Dr. Carver Addresses Conference on Marketing and Farm Products.

Chicago, April 15.—The problem confronting the Rural Organization Service of the Department of Agriculture was described today by Dr. T. H. Carver, director of the service, as two-fold: teaching the farmer how to earn a satisfactory income and then how to spend it. Dr. Carver spoke of his work at the Conference on Marketing and Farm Products. A very little study of farmers' organizations in this and other countries, he said, would convince any one that the effective organization of the rural interests was one of the most difficult problems in the world.

The chief difficulty, he declared, was due to the fact that the farmers are the most numerous economic class in the country. They are scattered, they have a wide diversity of interests and many antagonisms, and the process of selection tends to leave in the country those who are strongly individualistic, who prefer to be their own bosses, and who have the capacity for self-direction.

"All of these people," he continued, "to whom the pain of a new idea is excruciating, who find it a great hardship to have to decide what to do next, will find farm life unendurable. That perhaps more than any other single fact characterizes the life of a farmer. His work never can be standardized. He must always be in the act of deciding what to do next. His work from day to day, even from hour to hour, has to be adjusted to the conditions of soil and climate, the exigencies of plant and animal life, etc. This is no kind of life for a man who is only capable of doing what he is told and incapable of deciding himself what is the next thing to be done. This process of selection, as I said, makes a rural population very independent in spirit and temperamentally difficult to organize."

"Another psychological difficulty perhaps grows out of the fact that the farmer's success has in the past depended very little upon his mental adaptability to other men. He has had to control the forces of nature rather than the forces of society. He is therefore less adept in those arts and graces which adorn social life, simply because his living has not depended upon it.

"The idea seems to prevail at the present time," said Dr. Carver in conclusion, "that all that is necessary is to enable the farmer to grow his products and to buy and sell to advantage in order that his income may be increased. I dare say that most people who are thinking on this problem today believe that the problem is solved when the farmer has been assured a satisfactory income. I wish to insist, on the contrary, that this is only half the problem. Paradoxical as it may seem, it is a matter of actual observation that the sections of the country where the land is richest, where crops have been most abundant, where land has reached the highest price, and the farm owners attain to the highest degree of prosperity, are the very sections from which the farm owners are retiring from the farms most rapidly and leaving them to tenants.

"We may as well face the fact first, as last that there are only two things that will keep people in the country. One is poverty, or the inability to live in town. The other is an attractive country life which will induce people to stay in the country even though they are financially able to live in town. The only thing, therefore, is to make country life sufficiently attractive to keep people in the country even when they are prosperous enough to live in town.

"This will indicate that the problem of organizing rural interests is very much wider than the problem of marketing or of marketing of rural credits, and of purchasing credit.

"I have classified problems calling for organizations under the following outlines:

- "I. For increasing the farmers income.
- (a) the marketing of farm products.
- (b) the purchasing of farm supplies.
- (c) the securing of adequate credit.

"II. For better living conditions in the country.

- (a) education
- (b) communication
- 1. roads
- 2. telephones
- (c) sanitation
- (d) recreation
- (e) beautification."

Don't forget to reserve your seats at nine o'clock this morning for the Helen Brown Read concert.

IN SERIOUS CONDITION.

J. H. S. REPRESENTED IN
U. OF I. ORATORICAL.

Harlan Williamson Will Go to Havana April 24 For District Contest.

Harlan Williamson will represent the Jacksonville High school in the district oratorical contest, held at Havana, April 24, under the auspices of the University of Illinois. The subject of his oration will be "The Modern Trend of Civilization", and he will have against him representatives of nine high schools. A place in this contest is an honor of no little importance as but eight orations are selected from any number which may be submitted in the district. A tie in the markings on thought and composition is the reason for the admission of nine students into the Havana contest. The winners in each of the five districts into which the state is divided will go to Champaign to decide the Illinois high school championship.

Mr. Williams has the first place on the program. The other contestants and the schools each represents are: George Wilson, Galesburg; Thomas Francis, Knoxville; Robert Finch, LaHarp; Frank Stratton, Wyoming; Margaret Elliot, Quincy; Willard Weedner, Brinfield; Eleanor McCann, Elmwood and Lois Daniels, Petersburg.

THE HIGH COST FALLACY

Some people have a mistaken impression regarding plumbing. They believe there are two kinds,—the cheap job of seconds with skimped workmanship and the unnecessarily expensive quality installation.

Such reasoning is entirely without the bounds of fact. When building rest assured that your plumbing equipment can be what it should be—satisfactory in design, durability and price.

This we wish to demonstrate by going over your plans with you and showing the wide range of suitable "Standard" guaranteed plumbing fixtures which with our charge for installation will satisfy you as to quality and reasonableness of price.

NEW BERLIN ELECTION WILL BE CONTESTED

Suit Filed in Sangamon County Circuit Court Based on Alleged Individuality of the Woman Suffrage Law—Joseph Kumle Defeated Candidate for Collector Also Files Contest Proceedings.

The recent election in New Berlin wherein the women declared against the saloons will be contested. Judge Thomas Ferns of Springfield Wednesday filed a bill in the Sangamon county court to contest the election on the ground of the invalidity of the Woman's Suffrage act. Joseph Kumle, defeated democratic candidate for town collector, also filed a contest to the election of Edward F. Davis, republican, who was elected by a majority of sixteen votes.

The contest to the local option election is filed on the allegation that women's suffrage act is unconstitutional and null and void. If the women's votes are thrown out the town remains "wet." The men voted "wet," casting 153 votes against the saloons and 184 in favor of them. The women polled 196 votes for local option and 88 for the saloons.

The bill also claims that the clerk failed to abide by section 3 of the suffrage act which provides that separate ballot boxes and separate ballots shall be provided for men and women. It is alleged that the clerk failed to carry out this section in only having one set of ballots printed. The objection is technical. Joseph Kumle was defeated by the women's vote. The men gave him a majority of three votes, giving him 175 and Davis, the republican, 172. The women voted 148 for Davis and 129 for Kumle, giving Davis a total majority of sixteen votes. He also declares the women suffrage act void. His petition was filed by Attorney John Pfeiffer.

Both petitions are filed in order that the contestants may have relief if the supreme court declares women suffrage unconstitutional. The complainants in the contest of the local option election are E. A. Roesch, J. A. Hington, William Regan, G. W. Pierce and William Schanle.

SOCIAL EVENTS.

The formal dance given by the Kangaroo club at the Peacock Inn Wednesday evening was a delightful event. Randall's orchestra gave a varied musical program for the sixteen regular and four extra dances, and keen enjoyment was the order of the day from the grand march and "Peg O' My Heart," the first two step, to "Home Sweet Home," the closing waltz. Refreshments were served at one o'clock. The feature dances were "Some One's Eyes," a moonlight waltz, and a firefly dance, to the music of "Sympathy." The grand march was lead by George W. Vasconcellos, president of the club, and Miss Edith Clemmons, of Virden. Upon the committee were George W. Vasconcellos, Fred B. Hopper, E. E. Waters and James Brown.

Among those present from away were Mr. Knotts, of Carlinville, Miss Ruth Cody, of Virden, Miss Lulu Theivaght, of Chandlerville, Miss Theoline Sharpe and Miss Ruth Childs, of Springfield.

The Ladies of Northminster church held their April birthday social Tuesday afternoon at the home of Mrs. George Souza on Allen avenue. The hostesses were: Mrs. Souza, Mrs. John Day and Mrs. Oscar Meline. More than fifty ladies were present and the event was a decided social success. Light refreshments were served, games were played and an impromptu musical program given.

The members of the Scientific Circle of Franklin were entertained at the home of Samuel Camm, near Franklin, Tuesday afternoon. There were forty present, including a number of members of the Woman's Country Club of Orleans, who were guests. A very pleasing program was given and the roll call was especially interesting, each lady responding with a brief sketch of some great lady of history. Refreshments were served during the afternoon.

ODD FELLOWS TO BUILD NEW HOSPITAL AT MATTOON.

Mrs. J. J. Reeve has recently returned from Mattoon, where she has been attending the Advisory Board and Trustees meeting of the Old Peoples' Home of the Odd Fellows lodge. Mrs. Reeve is president of the board, and Mrs. Lopp, wife of the late Judge Lopp, of Mt. Carmel, secretary and treasurer.

The board has decided on the erection of a hospital at Mattoon and plans were submitted and approved by the board. Contracts are now open for bids. It is thought the building will cost in the neighborhood of \$15,000, and is to be built on the latest designs. J. M. Deal, who was the architect for the K. of P. home at Lincoln and the new high school building at Virginia, drew the plans for the new building. There are one hundred and fifty in the home which is under the supervision of Mr. and Mrs. J. T. North.

HELPING THE FARM BOYS. Near Franklin lives a progressive farmer who for many years has had the reputation of being one of the best and most successful farmers in his community. In addition to his farm work, he has given much time and attention to the work of the Farmers' Institutes and other endeavors to benefit agriculture and country life generally. When he first began giving attention to better and more scientific methods of agriculture, many of his neighbors rather ridiculed his efforts but today he is recognized as a pioneer in demonstrating better farm methods. He worked hard to develop an interest in better farming and of course met many discouragements and disappointments.

He has just sent in to the Boys' Corn Club the names of five of his neighbor boys as contestants for the big prizes offered for the best acre of corn grown by a boy. Two-thirds of the members of the 1914 Boys' Corn Club are from his neighborhood. The three prize winners in last year's contest were from his neighborhood. It must be a great satisfaction to this man to know that through his efforts his neighborhood is the only one in the county where any number of boys enter the corn contest. He is beginning to see the results of his years of hard work and his work is showing along other lines as well.

The demonstration work of the Boys' Corn Club is certain to make of the boys better farmers. The community progressive enough to get its boys into the Corn Club is sure to lead the county in its agricultural methods.

If a few other farmers would interest their own and their neighbor's boys in the Corn Club as has this Franklin man, their communities, the entire county, would be benefited and it would demonstrate to the donors of the prizes that their money was well spent.

Poor Work

By WALT MASON.

You can't afford to do poor work, so, therefore, always shut it; for no excuse or quip or quirk will square you when you've done it.

I hired a man to paint my cow from horn tips to the udder, and she's all blotched and spotted now, and people view and shudder. "Who did the job?" they always ask; and when I say "Jim Yellow," they cry.

"When we have such a task we'll hire some other fellow." And so Jim idly stands and sows bad luck has made him nervous, for when people paint their cows they do not ask his service.

And thus one's reputation flows, a-skirting here and yonder; and where'er the workman goes, his bum renown will wander. 'Twill face him like an evil ghost when he is best is doing, and jolt him where it hurts the most, and still keep on pursuing. A good renown will travel too, from Gotham to Emporia, and make you friends in places new, and bring you cash and glory. So always do your best, old hunks; let nothing be neglected, and you will gather in the plunks, and live and die respected.

Do not suffer another day—get a box of Mi-o-na Tablets at once. Take them as directed. You will be surprised and delighted with the quick relief.—Adv.

INSTALL NEW BELL. The Burlington railroad company has installed a new bell at the local passenger station, used in calling operators. The new bell is controlled by the despatcher, an improvement over the old one which the operators had to shut off.

UNTRIMMED HATS

We purchased the entire sample line of Spring and Summer Hemp Hats from one of the largest wholesale millinery houses in this country.

(This house sells nearly every millinery store in town, we were requested not to mention the name). We bought these high grade shapes at next-to-nothing prices and we will sell, as we bought, thus creating at once the greatest money saving opportunity in Untrimmed Hats ever offered by any house anywhere, at any time.

Elsewhere you will pay for exactly the same shape, which comes from the same wholesale house, twice and three times more than here. Come and convince yourself.

RANGE OF PRICES NARROW AND TRADING ON SMALL SCALE

Bears Concentrate Attack on Union Pacific But Effort of Their Raid is Short Lived.

New York, April 15.—Pressure on the stock market was relaxed today and while the movement was slow there was no such appearance of general weakness during the preceding session. The buying power was limited but whenever the market showed signs of giving way a sufficient demand sprang up to bring about a rally. The range of prices was narrow and trading was on a much smaller scale. The only determined effort to bring about a resumption of the decline which had been in progress most of the time for a week was made during the noon hour when the bears raided the market concentrating their attack on Union Pacific. Prices were forced under yesterday's low figures in many instances, but the effect of the raid was short lived.

Kansas and Texas preferred was again under pressure breaking to 38½ the lowest figure in ten years. Selling of this stock was provoked by uncertainty as to what action the directors who are to meet next week will take on the dividend.

IS JACKSONVILLE SATISFIED?
The Evidence Is Convincing. The Testimony Open to Investigation

Before a statement can be accepted here, it must be supported by local testimony—by the evidence of someone residing in Jacksonville. Statements from unknown people in remote places may be true, but we cannot prove them. Here is a statement by a Jacksonville resident:

Charles Godfrey, 335 S. Church St., Jacksonville, Ill., says: "All I said a few years ago praising Doan's Kidney Pills holds good. They did me a great deal of good and I advise their use in cases of weak back and other kidney troubles. Doan's Kidney Pills can be procured from Armstrong's drug store and are worthy of a trial."

"When Your Back Is Lame—Remember the Name." Don't ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Godfrey had—the remedy backed by home testimony. 5¢ all stores, Foster-Milburn Co., Props, Buffalo, N. Y.

CICOTTE VICTORIOUS IN BATTLE WITH NAP TWIRL

Weaver Plays Sensational Fielding Game Besides Securing a Two Bagger and a Single—Steen is Hit on Knuckle of Playing Hand by Sox Pitcher.

Chicago, April 15.—Timely hitting by Chicago coupled with the sensational fielding of Weaver, enabled the locals to make it two straight from Cleveland today, two to one. The game was a pitchers' battle between Cicotte and Steen.

In the eighth inning Weaver of Chicago tripled and Coach Gleason stepped into the infield and held the runner on third base. Weaver was declared out by Umpire Sheridan. This is in accordance with the new amendment to Rule 56, which says: "If a coacher at third base touch or hold a base runner at third base or a base runner who in rounding third base for home plate the umpire shall declare such base runner out."

In the seventh inning Pitcher Steen of the Cleveland club was hit on the knuckle of his pitching hand by Cicotte and was compelled to retire. It was said after the game it would be some time before he could play again. Steen said he thought his knuckle was broken.

CICOTTE VICTORIOUS IN BATTLE WITH NAP TWIRL

Weaver Plays Sensational Fielding Game Besides Securing a Two Bagger and a Single—Steen is Hit on Knuckle of Playing Hand by Sox Pitcher.

Chicago, April 15.—Timely hitting by Chicago coupled with the sensational fielding of Weaver, enabled the locals to make it two straight from Cleveland today, two to one. The game was a pitchers' battle between Cicotte and Steen.

In the eighth inning Weaver of Chicago tripled and Coach Gleason stepped into the infield and held the runner on third base. Weaver was declared out by Umpire Sheridan. This is in accordance with the new amendment to Rule 56, which says: "If a coacher at third base touch or hold a base runner at third base or a base runner who in rounding third base for home plate the umpire shall declare such base runner out."

In the seventh inning Pitcher Steen of the Cleveland club was hit on the knuckle of his pitching hand by Cicotte and was compelled to retire. It was said after the game it would be some time before he could play again. Steen said he thought his knuckle was broken.

Why Is It a Favorite?

There are good reasons why Chamberlain's Cough Remedy is a favorite with the mothers of young children. Read what one of them says of it: "There could be no better medicine than Chamberlain's Cough Remedy. My children were all sick with whooping cough. One of them was in bed, had a high fever and was coughing up blood. Our doctor gave them Chamberlain's Cough Remedy and the first dose eased them, and three bottles cured them," says Mrs. R. A. INDIAN NAMES GIVEN NICHOLS PARK GUNMEN

Semi-monthly Shoot Was Held Yesterday and Marksmen are Trying For a Watch Fob Trophy.

The regular semi-monthly shoot of the Nichols Park club was held Wednesday afternoon. On account of Good Roads day and the farmers being busy the attendance was not so large but the interest keen. The men voted to call their club the Nichols Park Indians, which occasioned no little amusement.

Twenty five shooters were present and it was the first shoot for the Stevens watch fob handicap events for eight shoots. The best four scores out of eight will win the fob.

When J. A. Groves was in Gordon, Neb., some ten years ago he noticed on the hotel register a number of Indian names and these were given the shooters yesterday. The scores with the handicaps follows:

Long Cut, 24, handicap, 10. Hard Heart, 25, handicap, 4. Slow Dog, 23, no handicap. Sioux Bod, 25, handicap, 5. Red Hawk, 25, handicap, 2. Bald Eagle, 25, handicap, 2. Flat Iron, 25, handicap, 7. Two Tales, 25, handicap, 7. Lone Bear, 22, handicap, 7. One Itch, 25, handicap, 8.

All who made a record of 25 shot again and Red Hawk won and will get to wear the fob two weeks till the next shoot. The handicaps next time will be according to the way they shot yesterday, 23, 24, 25 no handicaps.

Lone Bear and Two Tales choose up sides, four on a side. The first time Two Tales, won 33 to 28 and the second time Lone Bear, 34 to 26. The third time it was a tie 32 to 32.

NAME GODFREY FOR NEXT MEETING PLACE

ASSOCIATION OF CONGREGATIONAL CHURCHES ADJOURNS WEDNESDAY.

Rev. Harry A. Cotton, Rev. D. R. Martin and Rev. F. H. Brown Are Chosen Program Committee For October Meeting—Interesting Program is Given.

The 29th annual meeting of the Springfield Association of Congregational churches adjourned Wednesday afternoon after selecting Godfrey as the place for the semi-annual meeting to be held in October. Rev. Harry A. Cotton, East St. Louis; Rev. D. R. Martin, Alton, and Rev. F. H. Brown, of Godfrey, were named a committee on program for the October meeting.

At the morning session after the devotional exercises Dr. W. H. Johnson, of Springfield, presented "The Bible in English." Then Dr. F. S. Hayden gave a review of a book which has attracted a vast amount of attention among churchmen and theologians, "The Religious Evolution of Today," by Prof. James Shotwell, professor of philosophy in Columbia university.

This was followed by an address from Rev. D. R. Martin, of Alton, whose theme was, "The New Creed." Reports were presented from various churches belonging to the association, all indicating that the past year has been one of satisfactory progress. At the noon hour a luncheon was served by the ladies of the church and about 50 persons were present.

In the afternoon the services opened with a Woman's hour under the auspices of the Illinois Women's Home Missionary Union. Miss Georgia Fairbank, who is president for the Springfield Association, presided and led the devotional service.

The first address was made by Rev. Wm. R. Marshall, of the Ewing Street Congregational Church and Firman house, Chicago, Ill. Rev. Mr. Marshall's theme was "A Center of Christian Friendliness". He talked in a very interesting way of the broad scope of the work which is done at the Firman house. It is located very close to Hull house and is engaged in somewhat similar work, although there are special lines of endeavor in which the Firman house management engages. Mr. Marshall gave a number of specific instances of men and women who socially and religiously down and out had found encouragement and renewed hope at the Firman house. He said that in settlement work there was need not only for a friendly interest but for a friendly interest clothed with genuine Christianity. He said that only spirituality could give to settlement work the atmosphere which is needed for uplifting mankind in a permanent way. The speaker referred to the limitless possibilities for work in Chicago among the foreign population and a large portion of Firman house work is done with this class of people. He mentioned the fact that last year a great exhibition was given at the Colosseum showing the world in Chicago. He said that it was an imitation show whereas the world really exists in Chicago that is, in the varied people and the varied kind of lives they live and that those who were ready for real missionary uplift work could find all the conditions needed for their work.

After Mr. Marshall's address Mrs. Genevieve Clark Wilson sang the well known hymn, "The Ninety and Nine", with Mrs. R. P. Joy as accompanist. Rev. W. R. Butcher, of Joy Prairie, presented a strong paper on "Revelation of Inspiration". This was followed by discussion and then Rev. H. W. Stein, of Chandlerville, presented "The Church as a Social Center." A brief business session was held at which resolutions were passed expressing appreciation to those who had aided in making a success of the program and thanking the people of the local congregational church for the hospitality extended. The association then adjourned. The delegates from outside churches who attended the convention were as follows:

Joy Prairie—Mrs. James Cowden, Rev. W. R. Butcher.

Godfrey—Dr. W. H. C. Smith, Mr. and Mrs. F. H. Brown, and Miss Elbert.

Waverly—A. W. Reagel, Mrs. Israel Coe, Miss Addie Everett.

SAMUEL E. CLEARY WEDS
MISS HELEN VIRGINIA SARGENT

Marriage Took Place at Home of
Bride's Grandmother—Miss Con-
boy Weds Carl Cokeley and Miss
Lucile Johns Becomes Bride of
Arkansas Man.

The marriage of Mr. Samuel Philip Cleary and Miss Helen Virginia Sargent took place Wednesday afternoon at 4 o'clock at the home of the bride's grandmother, Mrs. John Sargent "Fairview", west of the city. The ceremony was said in the presence of only immediate relatives and was performed by Rev. W. S. Phillips of Cerro Gordo, Ill., the ring service being used. Mrs. Phillips was also present at the wedding.

The music room and dining room were decorated in pink carnations and ferns and the living room in Easter lilies and smilax. A wedding collation followed the ceremony.

The bride wore a gown of white silk chiffon and shadow lace with pearl trimmings and carried a shower bouquet of roses. She received her education in the rural school and had studied through the junior year as a nurse at Passavant hospital. For a number of years she has resided with her grandmother. She is a member of Mt. Zion Methodist church and has been a most active worker in every department. She is a woman of beautiful life and character.

The groom is the son of the late John Cleary and for a number of years has been following the occupation of a farmer, at which he has been most successful. He not only attended school in the country but in Jacksonville. He is a most enthusiastic member of the Knights of Pythias and is accounted one of Morgan county's substantial citizens.

The first congratulations extended to the newly weds was a telegram from Mrs. John Cleary and Miss May Cleary of Chicago, mother and sister of the groom, who were unable to be present at the marriage on account of illness.

The young people received a number of beautiful wedding gifts. They expect to go at once to housekeeping on the farm of the groom, "The Maples," west of Jacksonville.

Cokeley-Conboy.

Mr. Carl Cokeley and Miss Lucile Conboy were married Wednesday evening at 8 o'clock at the Catholic church parsonage, Rev. Father Formaz officiating, using the ring ceremony. The attendants were Miss Alma Draper and Mr. Frank Bonansinga, both of Springfield.

The bride wore a blue maire suit with hat to match and corsage bouquet. The bridesmaid's gown was a deep blue chiffon broadcloth with picture hat to match.

RECOMMENDS COLONY HOSPITAL PLANS

A. L. BOWEN BELIEVES THIS TYPE BEST FOR STATE INSTITUTIONS.

Report Based on Extensive Investigations in the East—Homelike Surroundings Bring Best Results.

In a report just submitted to Governor Dunne and the board of administration, Mr. A. L. Bowen, executive secretary of the state charities commission, recommends that the new state hospital for insane, at Alton, and the epileptic colony, at Dixon, be constructed on the colony plan, using one story buildings for certain types of the insane and one story buildings for all types of epileptics.

The recommendations are based upon what Mr. Bowen saw on a recent trip of investigation to institutions in the east. He says: "The tendency of the times are marked in the direction of simplicity of style and construction and from the city towards the open country and from the congregate to the colony methods of housing."

"The next objective is normal environment whether for insane, children or epileptics. The effort is all directed towards giving them the same environment that they have either been used to, or that they should have in a free existence."

"In line with the policy of normality in environment small capacity is the rule. Indeed the nearest ideals are found in one story frame cottages, just such as the average man and woman lives in."

"The modern plan subdivides an institution into colonies, each of which is a unit with its general dining room, a central kitchen serving several colonies. The colonies are located a distance apart, in some cases as great as a mile."

Refers to Work in East.

The report speaks at length of the work which is being done by eastern psychopathic institutes and clinics in research in all phases of nervous and mental diseases.

Attached to these institutions are facilities for social service, such as out patient and after care. The leading medical schools are requiring practical, adequate courses in mental and nervous diseases as a requisite to graduation and license to practice. These state institutions afford them the facilities they require in these subjects.

Among those visited were the new Boston psychopathic institute, and the new Phipps psychiatric clinic in Baltimore, the latter having been donated to Johns Hopkins medical school by Henry Phipps.

Under the head of service, care and treatment, Mr. Bowen expresses the opinion that insane patients in New York and Massachusetts are given more individual attention than they receive in Illinois. The hospitals are not so crowded as ours and they appear to have a knack of handling disturbed, untidy and violent classes. He discussed the various means used to prevent the spread of contagion of excitement."

Homelike Surroundings.

Every effort is made to give the patient the surroundings he would find in the average home, hence the number of screens and bars on windows, and the doors that are locked, are relatively smaller than in Illinois.

In the wards for these classes of patients there are pictures on the walls, rugs on the floors, furniture and flowers, cloths, knives, forks, spoons and chinaware on the tables.

The report says that the raw foods furnished the patients are not so good as those bought by Illinois, but that the system of cooking, distributing and serving meals is better.

Mr. Bowen urges a change in our policy so that patients in our insane hospitals may make their own clothing and shoes. In the eastern hospitals this is done, thereby affording the patients a certain individuality in dress and a larger number of them profitable employment.

Re-education and re-occupational training forms one of the strong features of hospital care in these states.

The report notes many improvements in toilet facilities, the result of which has been a reduction in untidiness.

The New York Method.

The insane from the metropolitan district of New York city are first taken to Bellevue hospital, thence are transferred to the state hospitals in special hospital cars, provided with diet kitchens, and pharmacy, and with a member of the staff and a trained nurse in attendance.

Mr. Bowen mentions three reasons for this improved service; namely, additional cost; second, competition of the large private institutions, such as Bloomingdale, and third, the continuity of the service. Many of the superintendents have served for long periods in the state hospitals, having risen from the bottom to the top.

Describes Orphanages.

The report contains an account of the large orphanages, first the Protestant, located at Dobbs Ferry; second, a Catholic, located at Lincolndale, and third, a Jewish, located at Pleasantville, New York. All three are developments from the old style barrack seen in the cities. Each has been designed on the cottage plan, each cottage accommodating not more than twenty. The republican system of administration is in vogue.

Everything that smacks of the orphanage has been removed. Natural home conditions and environment have been secured in a high degree.

At the Jewish institution the children are given a high school course, supplemented by training in manual and vocational lines and are graduated at 16 years, capable of passing the entrance examination to Columbia.

The Catholic institution fits Catholic boys for farm and dairy life in New York.

Special attention is paid to the health of all such children. There are three elements in these institutions that stand out foremost. First, the home life and religious spirit; second, the hospital service where the physical being is remedied, and third, the school in books, trades and occupations.

The best types of colonies for epileptics were found at Letchworth Village at New York, and at Newcastle, Indiana. The colony system in its purest form has been adopted in these two institutions.

The reports contain a detailed account and description of each of the twenty-three institutions visited.

THE BIRTH RECORD.

Word has been received in the city of the birth of a baby girl to Mr. and Mrs. Robert Smith, of Redfields, Kan. Mr. Smith is the son of Wesley Smith, formerly of this county, and was graduated in 1912 from Illinois college.

Born, Tuesday, to Mr. and Mrs. Joseph Clancy, of North East street, a son.

Don't forget to reserve your seats at nine o'clock this morning for the Helen Brown Read concert.

GAVE ILLUSTRATED LECTURE.

S. W. Nichols gave a lecture Wednesday evening at Northminster church on "Egypt and Constantinople." The address was illustrated with stereopticon views and was based upon the travels of the speaker in the Mediterranean countries. The lecture was given under the auspices of the Invincible class of Northminster Sunday school.

WILL MEET TODAY.

The Parent-Teachers' association of the second ward will hold a meeting at the Lafayette school this afternoon at 3:30 o'clock. J. P. Lipkin will discuss the general school law and the public is invited to attend.

Passavant Hospital Benefit Concert, by Mrs. Helen Brown Read, Opera House, Monday, April 20.

Have Courage.

If there is one thing more than another that will cause discouragement it is indigestion, but you should bear in mind that hundreds have been cured, permanently cured, and at a very small expense. Mrs. E. Forster, Lima, Ohio, writes: "I was troubled for a year or more with indigestion. Chamberlain's Tablets afforded the first real relief I obtained, and by taking two bottles of them my whole system was put into excellent condition." For sale by all dealers.—Adv.

Under the head of service, care and treatment, Mr. Bowen expresses the opinion that insane patients in New York and Massachusetts are given more individual attention than they receive in Illinois. The hospitals are not so crowded as ours and they appear to have a knack of handling disturbed, untidy and violent classes. He discussed the various means used to prevent the spread of contagion of excitement."
